Best crumpets around! So versatile and delicious- sweet or savory just yum. First tried them loaded at the harbor side markets and have been buying them for home ever since!!

These crumpets are delicious. They're great with sweet or savoury toppings! I grew up eating store-bought crumpets and hadn't had any in years. Then I came across Little Spoon ones and they're even better! The sour dough is more nutritious and flavourful and overall quality of the crumpets is top notch. They make a nice gift too.
